Docket No. 13657-E

Sir:

This will confirm my conversation with Examiner Johnson related to the Response to the Office Action of 6/28/2006 filed 12/28/2006. The Response was inadvertently labeled as Ser. No. 10/648,855, which caused the Response to be filed in the pending case with that Ser. No. Accordingly, the undersigned brought this to the attention of Examiner Johnson, who then put in the requisition that the paper be moved to the file associated with Ser. No. 10/648,885. Examiner Johnson indicated that the prosecution of the application would proceed in due course, that the application would not be abandoned, and that no further action would be required on the part of the undersigned or the applicant to have the Response considered.

Applicant has thus made an earnest attempt to place the above referenced application in condition for allowance and action toward that end is respectfully requested. Should the Examiner have any further observations or comments, he is invited to contact the undersigned for resolution.

Respectfully submitted,
